

SUMMARY

As an IT graduate with a National Diploma in Information Technology Software Development, I possess a solid foundation in programming languages such as C# and Python as a secondary language, along with expertise in Structured Query Language (SQL). I have recently expanded my technical knowledge to include JavaScript and its related technologies—Node.js, Express.js, and React. I've learned to adapt to various challenges and strive for continuous self-improvement in every role I undertake. I am now seeking to further enhance my skills and contribute to innovative projects in the IT industry.
